Dear Mr. Osborne

SEA Screening Determination of Sutton Neighbourhood Plan

In accordance with Regulation 9 of the SEA Regulations 2004, Central Bedfordshire Council, as the responsible authority, has determined on **2nd April 2020** that a **strategic environmental assessment (SEA)** of the emerging Sutton Neighbourhood Plan **is not required** as it is unlikely to have significant environmental effects.

As part of this SEA screening, Habitat Regulations screening was undertaken because plans that are likely to have significant impact on European Sites require a Strategic Environmental Assessment in addition to an Appropriate Assessment (Habitat Regulation Assessment). This screening concluded that the Sutton NP is unlikely to have significant impact on European sites and therefore the **Sutton NP does not require a full HRA to be undertaken.**

In making this determination, the Council has had regard to Schedule 1 of the Regulations and has carried out consultation with the statutory consultation bodies. An assessment against Schedule 1 of the Regulations and comments made by the consultation bodies are set out in the attached SEA Screening Determination Statement.

The above determination was made based on information provided by Sutton Parish Council on the content of the emerging Plan, in this instance: the draft Sutton Neighbourhood Plan submitted to the Council on 17th February 2020.

Should the content of the Final Submission Plan be revised and/or there is a material change in the environmental characteristics in the locality (e.g. any new or any changes to nature conservation designations), then the screening process will have to be reviewed and determination reconsidered to take account of the changes.
